**TERMINAL DISCLAIMER**

Pursuant to 37 C.F.R. 1.321(b) the undersigned attorney of record is empowered to act on behalf of the Inventor, ("Inventor").

In accordance with 37 C.F.R. § 3.73(b), Inventor represents that it is the sole owner of the entire interest of the above-referenced application which is a continuation of U.S. Serial No. 09/727, 287, filed November 29, 2000, now U.S. Patent No. 6,618,625. The Inventor represents that, to the best of Inventor's knowledge and belief, the whole of this invention, the entire title and interest, is in the Inventor seeking to take action.

Inventor hereby disclaims, except as provided below, the terminal part of any patent granted on the above-referenced application which would extend beyond the expiration date of the full statutory term of U.S. Patent No. 6,618,625, and hereby agrees that any patent so granted on the above-identified application shall be enforceable only for and during such period that the legal title to said patent shall be the same as the legal title to U.S. Patent No. 6,618,625. This agreement extends to any patent granted on the above-referenced application and shall be binding on its successors or assigns.

**Serial No:** 10/624,816  
**Filed:** July 22, 2003

Inventor does not disclaim any terminal part of any patent granted on the above-referenced application prior to the earlier of the expiration date of the full statutory term of U.S. Patent No. 6,618,625, and that of any patent issuing on the above-identified application in the event that either one later expires for failure to pay a maintenance fee, is held unenforceable, is found invalid, is statutorily disclaimed in whole or terminally disclaimed under 37 CFR § 1.321(a), has all claims canceled by a reexamination certificate, or is otherwise terminated prior to expiration of its statutory term, except for the separation of legal title stated above.

I declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful, false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful, false statements may jeopardize the validity of the application or patent issuing therefrom.

Respectfully submitted,
